First Communion Class for the Younger Child

When is my child old enough to receive Communion? When your child begins to ask about Communion and wants to participate in receiving Communion, we welcome them to come to class and then begin receiving the Sacrament. All are welcome .

First Communion Class for All Ages

Everyone is welcome to participate in this class. An older child or youth that may have participated in a First Communion class at a very early age are welcome to attend this class as a refresher class. Adults are also welcome.

Class Overview

Pastor Mark is excited to be leading our First Communion Class, which is open to all ages. We ask that at least one parent or guardian accompany their child. This class will last approximately one hour. Our goal is to provide your child with an interactive experience welcoming any questions they may have, and that they receive a basic understanding of the Sacrament of Communion.
